

“Laughter is the sun that drives winter from the human face.” Victor Hugo

Now that we are beginning the winter months here in the Northern Hemisphere...time to get some warm words out to all. I have not posted Speak in a bit due to developing a new book, adding a website, etc. You are all in my mind and warm wishes...time to get back to you with a special offer of healing.

**EVENTS AND MY NEWS FLASHES**

My main reason for sending out this newsletter is in offer of healing during this time of great change. Want to help you and your fur folks find harmony...check out the offer under “Who, How, and What”!!!

Fur Shui has been traveling...was in Kona and in Volcano Village this past month...loves to travel spreading the word that all is “energy”!

You can check out the 2nd release of Fur Shui now in larger format and Kindle! To purchase, click the green dot: [www.furshui.com](http://www.furshui.com)

**WHERE?**

Been busy painting, doing art!

My new website [www.picturestorming.com](http://www.picturestorming.com) went live. So much fun to show folks what I do as a graphic facilitator...quick sketch artist!

Also participated in the “Rejoice in Art” show in Redondo Beach. My below painting was “on the wall” in the juried show and I had a very nice art sales booth during the two day festival. Thanks for all you locals who came, made purchases, enjoyed the show!

And, attended a Huna week-long workshop in Volcano Village on the Big Island of Hawaii with my teacher/Kahuna Serge Kahili King. Was a great time with Pele, the Volcano “flowing” and positive learning! Spent some time swimming with the dolphins with eco tour friends at Sun Light on Water. Fabulous messages from the dolphins! Put this on your “bucket list”! [www.sunlightonwater.com](http://www.sunlightonwater.com)

**WHO, HOW, AND WHAT?**

**RIGHT NOW SPECIAL OFFER FOR ANIMAL COMMUNICATIONS, ENERGY READS, ENERGETIC HEALINGS!**

I have paused the past few months in thought of how very important my fur folks are to me...the deep connection we have, how they heal me, how I heal them!

This year I have found that the majority of reads I have done connect fur folk to their people in extraordinary ways. Aprox. 90% of the reads done with pets have been mirror reflections of the emotional, energetic, physical conditions of their human loves. The stress and tension that surrounds us all is being absorbed by our fur folks. They do this to heal us. Unconditional.

With the changes now happening here in the US...to help now during this stressful time I want to offer a RIGHT NOW discount for my services during the remainder of this month of November and up to the end of December 2016.

This is a one time offer meant to help us all harmonize, give both human and pets a chance to “smooth out”, get centered, to get more understanding and healing NOW!

My remote reads will be offered for \$165.

Energy reads and healings will be discounted to \$40. per need.

Energy reads for “people” now being offered will be \$90. per read (call me for details!)

Reads MUST be ordered and performed within the time period of November 15 to December 30.

If I have done a read for you within the last month...you will get an additional 10% off of this special price for follow up and additional reads...as a gratitude extra!

Wanting to make this world a better place one fur folk and non fur folk at a time!

**My Flower Essence recommendation for the month!**

For the winter months, a time to slow down, rest and nest a bit for all of us fur and non fur folks! A good essence to calm and center is chamomile...good de-stressor and also acts as an anti-depressant while going through shorter days, less light. For animals, please dilute...I can send you directions, give me a shout!

**Adding a new dog to your home...some good basics on “how to”:**

Although it is a joy to adopt a dog, saving a life, finding a new fur friend...it is also stressful for both dog and person! My advice is to really do your homework on the new animal as well as your existing pets...ASK QUESTIONS with shelter staff and your animals...talk with them! Observe how a new fur family member behaves after 2 months within a new home. Personalities can and will change early on...so give a call if you need some help in understanding during the process of bonding! Lots of work and effort is a MUST so you will not be part of the sadness of “return”. Good advice and good article: <http://bit.ly/1ugZMGs>
