Chinese New Year goes from the New Moon to the Full moon. It begins on February 10, 2024 with daily celebration going to February 24 with the full moon lantern ceremony.

This is the Chinese Spring Festival that is celebrated with honoring one of 12 Zodiac animals per Lunar new year. This year is the mythical and powerful animal the Wood Dragon.

Special foods, gatherings, ceremony, dances, and honoring of family and traditional heavenly Gods make up this colorful and luck filled celebration.

JOIN IN SOME FUN TRADITIONS:
