EVENTS AND MY NEWS FLASHES

Been busy doing and “being” art!

Two new plein air paintings done for Wayne Art Center's Community Paint Out, PA. On the left: “Spring Garden Shower Smiles” painted at Wallingford Art Center, PA, and on the right: “Peaceful Reflections” painted in the Northern section of Winterthur, DE. Both paintings were done in the cold days of rain and overcast time of the official paint out.

Both are hanging in the Wayne Plein Air Festival which began on May 10 and lasts til end of June. Wonderful to be “on the wall” for this special occasion

You can view the festival details at: <https://waynepleinair.org/> Or, if local view in person:

WHO, HOW, WHAT?

Mother's Day!

Celebrating you and your fur folk for Mom's Day. Offers below, act quick, they go fast!

I'm just “itching” to be of help with you and your pets to get feeling happy and good...and here are a couple of ideas to relieve allergy and skin itching.

1. Simple “tea bag” application. Peppermint and Spearmint Teas are wonderful to place on itchy patches. Just boil a bit of water, steep some tea...then place the cooled bags on itch patches. Takes away the itch, and you get a great cup of tea. (You can also use the tea liquid to blot on area of itch.)

2. Here's a good recipe for the season of “ITCH”, which for most pets is Spring and Summer. Love Dr. Andrew Jone's help and recipes...here's a simple and good one to help the scratch, scratch, scratch.

“Dr Jones’ Simple and Natural DIY Dog Allergy Cream: It really Stops Itching!”

Recipe:

Coconut Oil: 3 tablespoons

Castor Oil: 2 tablespoons

Sunflower Oil: 2 tablespoons

Shea Butter: 1 tablespoon

Beeswax: 2 tablespoons

Put all ingredients in a pot. Warm up so they are a liquid. Pour into a mason jar, and allow to cool in a fridge. Apply twice daily to affected area of skin.
